My Dear Prof. Tacchini

May I have the pleasure to introduce to you
my esteemed friend, Mr. E. E. Read of the Coddens
Observatory, who has been greatly interested in Solar
Physics for many years, and I am sure it will be
a pleasure to meet you. I trust you are in good
health, and are enjoying your work. Mr. Hall has
told me many pleasant things of his visit to you.

I am very cordially yours. J. A. Brashear.
