Padre Tacchini  
Director  
Collegio Romano  
Roma

6 June 1891

Reverend Sir,

Some time ago I addressed a  
letter to the Rev. Padre Secchi as Director of  
your Observatory, asking to be favored with  
copies of the Annual Memoirs published by  
you of the work accomplished, as also the  
Reports. To this I have received no reply &  
I am now informed that the illustrious Padre is  
no more.

I now therefore respectfully apply  
to you as the present Director, & ask if you

will kindly favor me, if possible with  
copies of such Memorios & other Reports  
you may be able to spare.

I am so deeply interested in Spectroscopy  
being an experienced chemical student &  
have for many years carefully watched the  
progress & discovery made in this science  
that I am impelled by a desire to know  
what has been accomplished by the famous  
school of Spectroscopy in Italy & thus  
make this respectful application, which I  
trust will receive your kind & favorable  
consideration.

At the same time I should be glad  
to know if it is possible to become a  
Member of the Italian Spectroscopic Society

With many respectful wishes for  
your kind help & for your well being

Believe me

Reverend Sir

Yours respectfully

George Isaac Bryant
