Dear Sir,

We feel very much grati-
fied by your kind offer
to translate & publish our
little book on "The Adjust-
ment & Testing of Telescope
Objectives" & almost need-
less to say we grant you
our permission to do so
with the greatest pleasure.

We can ourselves supply you
with the necessary blocks
for the illustrations, which
we will now sort-out &
have sent over to you.

We are
your most obedient servants
