

March 10, 1894.

My dear Professor Tacchini,
I write just a line to tell you that letters from Chicago inform me that my immediate return is not necessary, and we shall therefore be able to make the expedition to Mt. Stua. I am delighted at the prospect of seeing you again, and of making so interesting an expedition in your company. We expect to reach Rome about April 20. We go by the way of Prague, Vienna, Venice and Florence. If any of the members of the Soc. deg. Speleocopisti live in Venice,

Verona, Bologna or Florence will
you not be kind enough to
send me cards of introduction,
as I am anxious to meet the
Italian spectroscopists. My address
in Venice will be "Banca di
Credito Veneto".

Looking forward with much
pleasure to meeting you again,
and with kindest regards, I am

Very sincerely yours
George E. Hale
